Pricing and Terms

- Prices subject to change without notice.
- A \$45.00 set-up fee per SKU will be added for each product ordered under \$1,000 per order.
- All orders are prepaid.
- Inventory, production schedule and material supplies may vary, which could change delivery times.
- Because labels must follow FDA regulations, Elite Health Partners may require customer provided label artwork to be modified to prevent possible FDA issues.

Elite Health Partners Quality and Safety

Your custom labeled products are manufactured to the highest standards, with rigorously tested ingredients from only qualified and audited vendors. We manufacture private label products that are sold in some of the largest retail stores and wholesale distributors in the world. We also sell directly to customers, which combined with our retail and wholesale clients, means our products reach millions of consumers.

- Our Facilities are FDA registered to manufacture Dietary Supplements (FDA 21 CFR 111), and Cosmetics (FDA VCF).
- Our Facilities are certified cGMP and ISO 22716 compliant by SGS, the internationally recognized certifying organization in over 141 countries.
- Products are manufactured in the US, and where possible, ingredients and components are sourced from US companies.
- Quality, testing, and compliance documentation is available upon request for all products.
